InVue

OneKEY

Data is the key.
The key is data.

The single key solution designed to increase profits.

IMPROVE CUSTOMER SERVICE
Empower employees to better serve customers with single key access, reducing wait times in receiving merchandise.

INDUSTRY LEADING SECURITY
Assign a unique code per store, 12-hour time-out and remote deauthorization for greater protection. Ability to create zones and audit employee use.

REAL-TIME VISIBILITY & ANALYTICS
Monitor, understand and manage associate interactions in real-time through detailed reporting. Know who did what, where and when.

PROMOTE ASSOCIATE WELLNESS
Giving every associate a key eliminates key sharing and promotes a safer working environment.

LIVE

OVERVIEW

OneKEY is the most secure and convenient key system that enables associates to assist customers quickly and easily. Each interaction from OneKEY instantly transfers to LIVE Access, where you can assign access zones, deauthorize keys, as well as understand who interacted with what, and when. Operating on InVue LIVE's LoRa network, OneKEY allows you to monitor and manage all key interactions real time.

OneKEY™
ecosystem

SECURITY & MERCHANDISE   **ANALYTICS**   **ACCESS CONTROL**

Advanced Technology & Software

Using unique infrared technology, OneKEY transfers power and data to a complete ecosystem of merchandise and mobile point-of-sale solutions, providing industry-leading protection to your high-theft products and essential operating systems.

INVUE LIVE
OneKEY uses InVue LIVE – a smart, simple, scalable technology that helps retailers track, monitor and manage store operations in real time – to deliver accurate information to retailers that they can instantly review in Access Manager.

LoRa®

LIVE ACCESS
Centrally manage employee access to the entire store, specific departments, or even specific displays. All associate activity data is housed here, where you can also find reports on planogram compliance, transaction speeds and merchandise accountability.

OneKEY Components

ONEKEY MANAGER
OneKEY Manager facilitates critical key information during the associate check-in and check-out process. A user-friendly touchscreen interface includes key health, status and system checks, as well as access to customer service.

ONEKEY CHARGERS
Keep keys charged when not in use. Choose from either single-, four-, or eight position charging bases – depending on the need of your environment.
